Alix Flower Show Attracts Much Interest Among District Gardeners

A large number of residents from the entire district enjoyed the Alix flower show held in the garden of Mrs. Alix Flower, 1000 W. 1st St., on Sunday, August 19.

The building was a mass of color from the large number of flowers, and the demonstration added to the general attractiveness of the show.

Guests were entertained in the garden by Mrs. Alix Flower, who was assisted by her daughter, Mrs. Mary Ann Flower, and her son, Mr. John Flower.

Over Mif-Inch of Rain Melts Field
Harvesting Operations

Over half an inch of rain revealed to the experts that the early start in bringing all harvesting operations to the county is a complete loss.

On Sunday, 13 inches fell, followed by 18 on Monday and 23 inches on Tuesday. Day rains and the weather on Wednesday forth hope that combine men again will return to the fields.

Many farmers of the area completed their harvest and have the grain from crop already in the bin. The other farmers have finished their fall work, many seedlings farmers are ready started pre-winter operations.

According to local authorities, "and over 800" crop has been harvested.

It was proposed that this committee would have power to add special examinations for various activities which would be held during the year.

The status of officers as proposed was accepted, with no objection, and that group will be formed during the meeting to be held on September 22, 1966.

In his report, the Law pointed out that the club had finished last year with a record of 10-10-10, and that in addition to this, a total of 15,577 had been paid to the town in percentage of taxes and assessed value.

Little Loss as Clive Firemen Battle Blaze

CLIVE — Firefighters were called out to the Howard Taylor home about 2:30 p.m. Saturday afternoon. The fire was in an old stove-cumbed shed, and within an hour it was under control.

There are a number of Clive firefighters, and they were all on duty at the time.

Mr. and Mrs. Taylor were about at the time, and the alarm was sounded in the town.

Mr. and Mrs. Taylor have about 100 sheep, and they are all on duty at the time.

PACKING PLANT FOR LACOMBE?

Company Takes Option On Land Parcel Here

Possibility that a \$2,500,000 new packing plant will be constructed in Lacombe and in the future a full-scale saw mill and other facilities of the Lacombe Lumber Co. Ltd. and affiliates of the Lacombe Board of Trade and Industry.

John Ellis, board of trade president, told The Globe yesterday that the company has signed an option to purchase 100 acres of property owned by John Goyette in the east of the town and adjacent to the Lacombe Board of Trade and Industry.

Option papers were signed Monday morning, and company officials said that it is hoped to start construction early next year, although building plans "are still in the infancy."

Mr. Ellis appeared before yesterday morning Monday evening to discuss matters from construction that is planned — 40 acres, east of the town — could be used for the proposed plant, and several additional acres under consideration. This avenue has been used up to a limit of 100 acres, and an even more marked as a possible site.

Mr. Ellis also indicated that a questionnaire had been received from the Calgary Power Ltd. to supply a statement of 100,000 gallons per day of water in the proposed plant, and several additional acres under consideration. This avenue has been used up to a limit of 100 acres, and an even more marked as a possible site.

To meet these demands, Calgary Power has agreed to drill a well and use a water main to the proposed plant. Locombe building plans are completed.

Construction presented to co-operate in all possible ways to meet the needs of the residents.

Company engineers are expected to arrive in town later this week to survey the proposed building project and to make a final decision on the site.

Random Indoor Pictures of The Senior Citizens' Lodge

At sight is a view of the kitchen in the senior citizens' lodge having officially opened tomorrow. A big wash-up room, and having had prepared equipment makes it possible for the food to be prepared in the kitchen for the residents of the lodge.

Below is a picture of one of the double bedrooms in the lodge. As a room, either single or double beds can be set up in the kitchen, as well as an individual thermostat for controlling the temperature independent of the rest of the building. Bathrooms and bedrooms furniture have all been selected in line with the new look of the lodge.

Below right is a view looking toward the open hearth fireplace from the kitchen. Individual tables of four are provided in the dining area which is readily served from the kitchen. A full bar is provided in the large fireplace room which is well equipped with chairs and bar stools. The tables in the bar lounge are of the type which are used in the lounge.

To the left and out of view, is the recreation area where cards and games of all types may be enjoyed by the residents.

Public Skating Opens at Stadium Friday Night

Week-End Specials
 The 1984 season of the *Week-End Specials* will begin on Friday at 7:00 p.m. It was announced by Bruce Byers, chairman of the Kent County Recreation Committee.

Season tickets are available for sale at the rink for this opening and subsequent nights. Changes in the tickets appear in an announcement on page 11 of this issue.

Regular public skating parties at the rink have been altered. From 7:30 to 9:00 p.m. on Wednesdays. Women's skating events, from 5:30 to 6:00 p.m. on Thursdays, from 7:30 to 8:00 p.m. on

Rink Schedule Drops Out
 The Ohio State rink has had no contact with all parties interested in using one of the rink and that there are no plans to use the rink for the coming season. "We received no response from some of the parties," said Bruce Byers, chairman of the recreation committee. "We are sorry that we cannot have the rink for the coming year."

Dial Phones Being Installed

Telephone company crews are installing the 1000-old telephones here.

A crew of four men are preparing for the dial phones which became effective here on November 18.

The phone installing workers have already completed the wiring for approximately 150 telephones on rural lines and will have the Lacombe exchange ready to go by November 18.

It is estimated that it will take a full month to complete the installation of the 1000-old telephones.

C.W. Hergott Re-elected Mayor For Bentley

From official statutory council meeting of the new term was held October 26. The new mayor, C.W. Hergott, was officially welcomed and councillor C.W. Hergott.

Hergott tendered his oath of office for a second term. Councillor Hergott was appointed mayor for the year 1960, and councillor E.A. Callum was appointed deputy mayor.

Councillor Hergott was also chosen to be the official representative of the council in all at school board meetings when business pertained to the village was discussed.

The new council and staff consisted of Mayor C.W. Hergott, Councillors E.A. Callum and Albert Herman. Secretary-treasurer is Chad Bennett, Herman George Brown, police chief, Jim Smith.

Mr. Brown had been elected regarding the weekly garbage pick-up service, as council will work other means of handling the matter. The street greening program is still in progress and it is hoped to have the necessary work done before freeze-up.

The 1960 part of the sidewalk program partially financed under the Alberta five-year development plan has been completed with 4,200 feet of four-foot sidewalk finished for the season. The balance of 3,100 feet will be finished next year.

The original program called for an expenditure of \$17,000 of which the province pays \$14,000 and the village pays \$3,000. The village share of this cost includes excavation, preparation of site, grading, and the drainage system.

Rockets Hit Win Column At Expense of Elks

Rockets came up with their first victory in three years in the hockey stadium Tuesday night, but at the same time they lost a lot of money in the process.

Elks, who had been in the losing column for some time, were defeated by the Rockets in a 4-1 loss.

Bill Van, captain of the Rockets, said that the team was very happy to win, but they were disappointed that they had lost so much money.

The Rockets had a record of 1-2-1 in the last three games, and they were looking for a win to get back into the winning column.

The Elks, on the other hand, had a record of 1-1-1 in the last three games, and they were looking for a win to get back into the winning column.

The game was a close one, with the Rockets leading 3-1 in the third period. The Elks fought back in the fourth period, but they were unable to score.

The Rockets' victory was a significant one, as it was their first win in three years. The Elks' loss was a significant one, as it was their first loss in three years.

Bad Cheques Plague Local Merchants

Local police issued a warning to local business men that they were receiving the highest number of bad cheques in the city.

The police said that the number of bad cheques had increased in the last few months, and they were warning merchants to be careful.

The police said that the most common type of bad cheque was a cheque that had been cashed by a merchant, but it was later found to be a fake.

The police said that merchants should be careful when they receive a cheque, and they should not cash it until they have checked it.

It's better "Your personal strong box, exclusively yours, costs less than two cents a day and it pays for itself over and over again in peace of mind alone."

Hundreds of thousands of Canadians use B of M safety deposit boxes faithfully. Their valuables — bonds, leases, stock certificates, insurance policies, deeds, birth certificates, passports and other important family papers — are safe and sound behind the steel doors of the B of M vault.

Mr. Bennett says "Clean out the old, dusty drawers of the home. Bring your valuables into the bank vault."

Plan Big Rally Here Next May

At a recent meeting of the LaCombe and district ministerial association, plans were laid for the holding of a district-wide rally in conjunction with the Tim Hare campaign.

Mr Hare is a layman of the Anglican Church who has had wide experience in the conducting of campaigns. He works with a team of laymen and women in the district from various Protestant denominations.

Over the past 23 years, he has led campaigns in the major city of Britain's largest cities—London—for almost a month long "Mission to Britain's Streets."

As he was held in extradition, however, he is unable to attend the rally.

Now, under the sponsorship of the Protestant Churches in Canada, Mr Hare is planning a 31-day tour of Canada. He will be seen in the LaCombe rally which will be held. This rally will take place in the LaCombe Memorial Centre on Tuesday May 30, 1984.

Although the local sponsoring body is the LaCombe and district ministerial association, a campaign committee is being set up to handle all local arrangements.

At a recent meeting of the La Combe and district ministerial association, plans were laid for the holding of a district-wide rally in November. Meetings in cathedrals, town halls, theatres and cinemas.

Swimming Pool: The Future?

RAILROADS of the swimming pool industry have provided a big disappointment for the summer residents of Lacombe. The summer residents of Lacombe have provided a big disappointment for the summer residents of Lacombe.

M-m-m, Nice

It is a good thing that the summer residents of Lacombe have provided a big disappointment for the summer residents of Lacombe.

Common Ground?

Common Ground?

There are not all necessarily bad changes. A number of changes are being made in the Lacombe school system.

It's like having built-in sunshine in your basement, no feeling! Save the sunny days to enjoy yourself outdoors — leave the dull days to your laundry, using the sunshine-clean heat of gas. Matter of fact, gas is better than sunshine for drying clothes! You control the heat to suit the fabric; you never worry about fading or discoloration with gas and you save wear and tear on your clothes, with the gentle tumble action. All this for 15¢ a month or less, for the average family. To be sure of the best value, pay a little more, and buy a gas clothes dryer!

Bentley Band Concert Enjoyed

BENTLEY — Highlight of the evening's entertainment in Bentley was the first concert given by the Bentley Jubilee band, which played at the L.M.C. Theatre last night.

The band, which was composed of 15 members, was led by the late Mr. Bentley. The band was formed in 1945 and has since been a popular attraction at many social events.

The concert was held in the L.M.C. Theatre, which was filled to capacity. The band played a variety of popular songs, including "Swanee River", "The Band Played On", and "The Eyes of the World".

The concert was a great success, and the band was well-received by the audience. The Bentley Jubilee band is a well-known group in the community, and their performance last night was no exception.

How do I save?

When it comes to saving here's a trick worth knowing. Avoid writing cheques against your Savings Account. Impossible? Not at all! Open a *Personal Chequing Account* at the "Royal".

Use this account for paying bills. Keep your

Savings Account strictly for saving. The bank calls this the 2-Account Plan—a sure-fire way to save. It makes sense. Give it a try.

Skaneateles Association
Formed in Lacombe
At February Meeting

A new group for the promotion of central Alberta is now being formed. The Skaneateles Association, which includes representatives from Lacombe, Medicine Hat, and other central Alberta towns, met at the Lacombe Hotel on February 21 to discuss the formation of the association. The group is expected to be formally organized by the end of the month.

At the time of the Lacombe Hotel meeting, the association was in its infancy. The group is expected to be formally organized by the end of the month.

See Demonstration On New Teaching Technique

Students of the Lacombe School are being shown a new teaching technique. The technique involves the use of a special device that allows students to see the teacher's actions more clearly. The device is a small screen that is placed between the teacher and the students. The screen shows the teacher's actions in a way that is easy for the students to see. The technique is being used in a variety of subjects, including mathematics and science.

Nurses Move Into New Residence Near Hospital

Members of the Lacombe nursing staff moved into their new 20-bed nurses' residence last month. The new building, which provides all the comforts of home, replaces the old nurses' home which was constructed at the same time as the hospital over 20 years ago.

Plans for the new nurses' home were first discussed by hospital management some three or four years ago, but outside of writing out a building plan for the project and then having it approved by the department of health, the year and funds for its construction and furnishing came from the federal provincial hospital scheme approval.

At the time of the new nurses' home, the old nurses' home was used as a day room for the nursing staff.

But now the new nurses' home is considered having the same residence open for public view during the annual hospital day activity.

Interior View of Main Lounge in Residence

Shown above is a view of the main lounge in the new nurses' residence at the Lacombe municipal hospital. The new building is now being occupied by members of the hospital nursing staff. The lounge is a long-term project of the hospital, and the new building is a long-term project of the hospital.

New Building Replaces Former Cottage-Type Home

The new nurses' residence has been built in the heart of the hospital grounds, and it is a long-term project of the hospital. The new building is a long-term project of the hospital, and it is a long-term project of the hospital.

GREEN ACRES

By Robert McHenry

(Landscape Designer, St. John's)

When you see a house and its surroundings, you are not only looking at a house, but at a landscape. A landscape is a living entity, and it is the responsibility of the landscape designer to create a landscape that is both beautiful and functional. A landscape designer is a professional who is trained to create a landscape that is both beautiful and functional. A landscape designer is a professional who is trained to create a landscape that is both beautiful and functional.

Clive Families United In Pretty Easter Church Wedding

Clive United Church, was the scene of a pretty Easter wedding on April 16 when Miss Gail, daughter of Mr. and Mrs. W. H. Clive, married the bride of Mr. William Clive, son of Mr. and Mrs. W. H. Clive.

The ceremony was performed by Rev. M. T. Tolson, before an audience of thirty guests. The bride, Miss Gail, was in a white gown with a long train, and the groom, Mr. William, was in a tuxedo. The wedding party included the bride's mother, Mrs. W. H. Clive, and the groom's mother, Mrs. W. H. Clive. The ceremony was held at the Clive United Church, Lacombe.

Mr. Clive, who is a member of the church, was born in Lacombe, and is now a resident of Lacombe. He is a graduate of the University of Alberta, and is now a member of the Lacombe branch of the Canadian Automobile Association.

Tractor Mishap Fatal at Tees

Hilmar Natanson Johnson, 35 years of age and resident of the Tees district for over 20 years, was instantly killed on Monday, April 23, 1935, when the tractor he was operating overturned.

He was on an early round of a field, driving a tractor with a cultivator and harrow. In the next second occurred the disaster as a sudden stop, the tractor was pulled over by the heavy machine and the driver was hurled.

The accident is believed to have occurred about 11:30 a.m. and

he was found by his son, Bruce, about one hour later in John's yard, 150 feet east and one half mile south of the place where he was killed.

Dr. W. W. Wood of Madison examined the body and stated that no autopsy will be made.

Funeral services will be held at 2 p.m. Thursday afternoon at the home of Mrs. J. H. Johnson, west of town. Burial will be in the Tees district cemetery.

The tractor was made in the Tees district and is owned by the Natanson family. It is a 1934 model and was in good condition.

owns above is an architect's rendering called by the Dominion departmental offices for members of the committee. It will face to the south on a block due north of the Tom Hoy school to get underway shortly.

Deadline Date for New Car, Truck Licenses This Week End

and truck drivers in the district are reminded to pick up their plates no later than Friday April 26 at the treasurer's branch here.

Relay of plates at the loc

drive is being undertaken by a group of 48 town captains. Organizing the campaign are Don McFadden and Eli Scraba.

in Operation

district planning commission to present to citizens with concepts proposed plans of sub-division which he had studied. He offered comments and advice regarding the various problems involved and submitted numerous sketches for council's study.

Gerri Meinderma was present to deal with proposed sub-

division, of his land immediately west of 38 street. Mr Meinertsdorff had previously asked council permission to sell about three acres of his acreage, but had been turned down until such time as proper sub-division was made.

Mr Meindersma was reluctant to carry out the complete subdivision at this time, due to cost of survey and the additional taxation once the acreage was sub-divided. Council

GREEN ACRES

By
Walter McHenry

...the study indicates in this province...

Mr. McHenry states that regardless of the green acres matter, the need for a new law must remain at least four inches of water per acre after it has been received. When more than this volume of water is received, the water is to be thrown away, divided into two parts, one part to be used for irrigation and the other part to be used for drinking water. The water is to be used for drinking water and the other part to be used for irrigation. The water is to be used for drinking water and the other part to be used for irrigation.

Railway Strike Averted

SETTLEMENT of the threatened railway strike will be greeted by a sigh of relief in this town. The employees demand that the union be recognized as the bargaining agent for the employees.

And when the railway men go to work, the business community will be relieved of the economic paralysis in the city.

It is doubtful whether anyone could have predicted the strike. The railway men were in a strong position to win a new wage and benefit package. The railway men were in a strong position to win a new wage and benefit package.

Salary Negotiations

Agriculture a Basic Industry

THERE is a need for sobering thought in the fact that the recent freeze held at the farm level for the past several weeks.

Sutley-Barritt Vows Are Exchanged

A beautiful wedding took place on the afternoon of Friday, June 9, 1961, when Mr. and Mrs. Ward Barritt's third daughter, Gladys, exchanged vows with Mr. William Sutley, third son of Mr. Della Barritt.

The ceremony took place at the United Church of Alia.

Given in marriage by her father, the bride was a lovely person as she came down the aisle in a two-length gown of about three feet over her head and shoulders.

The bride's mother chose a dress of grey jersey in color with white lace collar and cuffs and a small veil.

The bride's mother chose an apple-green, over-the-shoulder, long-sleeved, high-collared gown with white lace collar and cuffs and a small veil.

Cooking is older than recorded history... nearly as old as man himself. The use of heat to make food more palatable dates back to the cave-man's open fire. But to bring it a little more up-to-date, maybe you remember how your mother complained about the old coal and wood stove. True, it's warmth was welcome in the kitchen during the winter, but not so welcome in the heat of summer.

Canada Well Thought Of

Among the newest nations of the world, Canada is considered to be a model of democracy and a land of justice in the British Commonwealth.

Mr. J. A. L. Daves, president of the Canadian Bicycle Riders' Association, was held last week.

Officers were elected as follows:

Mr. J. A. L. Daves, president; Mr. J. A. L. Daves, vice-president; Mr. J. A. L. Daves, secretary; Mr. J. A. L. Daves, treasurer.

WELCOME TO OUR LAKE

A GAIN THE Lake is planned to re-open with the Lacanville district board of trade in supplying free copies of papers to resident cottagers at the beginning of the months of July and August.

There is a different purpose this year. It does not attempt to report interesting news, although it has an occasional offer. Instead, it chronicles the happenings and events in the town and the surrounding village and district. It is true that visitors from such centres as Colaplay and Edmonstone may have little in common with local residents and yet from several lakeside cottages have returned in past years they carrying mementos in what goes in the summer months.

There is a certain continuity in another purpose, and it is to forth which can be so useful by the general public, especially by cottagers and their servants.

Whether recorded is restricted to news items, and the more the better. It is all left to their editor The Lacanville Gazette.

the Canadian TV's not because of the vast number of programs imported from the U.S.

About five years ago, when the industry was in its infancy, Boston, producers produced a self-publishing action on self-published "blood-and-gut" type of show. Instead of reducing the number of films of this kind there has been an alarming increase in the number of such programs, some depicting blood-letting and murder have been embroidered and explained to the full. Why? It is that the viewer must be shocked by still greater and more numerous.

At the same time, the industry has been at odd jobs or at short-time steady employment if they're lucky.

As long as they come back next fall another fling at the basics, and maintain the knowledge they're capable of absorbing, then maybe a little more than that to produce it can do it.

We're continually learning in this big world and the more we learn the more we wish we had learned in the first place

GREEN ACRES

By Edna P. Hines
Walter McHenry

It was a fine day in the morning when the sun was just rising over the hills. The air was fresh and cool, and the birds were singing in the trees. It was a perfect day for a walk in the park.

As we walked along the path, we saw many beautiful flowers. There were red roses, white lilies, and yellow daisies. The children were running and playing in the grass. It was a very happy scene.

After a while, we reached a large pond. The water was calm and clear. There were many lily pads floating on the surface. A few small boats were on the water. It was a very peaceful scene.

We walked around the pond for a while, and then we went back to the car. It was a very pleasant trip, and we all enjoyed it very much.

Grade 2 requirements are the same except that this milk is to be made up of 18 percent of liquid and the rest water. In each of the above cases, the milk is to be sold at a price of 10 cents per quart.

Grade 3 milk does not need the same standards as grade 2. It is to be made up of 18 percent of liquid and the rest water. In each of the above cases, the milk is to be sold at a price of 10 cents per quart.

Grade 4 requirements are the same except that this milk is to be made up of 18 percent of liquid and the rest water. In each of the above cases, the milk is to be sold at a price of 10 cents per quart.

Common Fodder Tree
 One of the most common trees in the province of Alberta is the aspen. It is a very hardy tree and can grow in many different types of soil. It is also a very useful tree, as its wood is used for many different purposes.

The aspen is a very important tree in the province of Alberta. It is one of the main sources of lumber in the province. It is also a very important part of the ecosystem, as it provides food and shelter for many different animals.

Farm Safety Week

SAFETY is a family concern. It is the responsibility of every family member to make sure that everyone is safe. This is especially true when it comes to farm safety. There are many dangers on a farm, and it is important to make sure that everyone is aware of them.

Other Quotes

That of Franklin

Franklin D. Roosevelt once said, "The only way to get ahead is to keep your feet on the ground." This is a very wise statement. It reminds us that we should always stay grounded and not get carried away by our ambitions.

Mr. and Mrs. M. A. Whitwell received word recently that their son, Vernon, had passed his chemistry and physics examinations at the University of Alberta. He is now attending the university of Alberta for the past three years.

Bentley school library has been awarded the year 1961. A number of Mrs. Stewart has been reported by the Lacombe county Mrs. A. Dwyer had been in business for 11 years and Mrs. Harold Peterson, had been in business for a part of the first year. From a small beginning 13 years ago Bentley has a library that will compare well with all other school libraries, and with a teacher in charge it should advance.

Do You Belong To The "Crank Cuss and Coax" School Of Driving?

If you are one of those almost-astute drivers who know the inside of your car because you know HAD to know that made it so hard to learn to drive.

But if you are the ordinary or driver, you will realize that you need a complete knowledge of your car. This is why we have a complete knowledge of your car. This is why we have a complete knowledge of your car.

This is exactly why we want to introduce a complete knowledge of your car. This is why we have a complete knowledge of your car. This is why we have a complete knowledge of your car.

A Tune-Up is basically meant to provide your car motor with the performance of a new car. This is exactly what our Tune-Up accomplish.

There is an abundance of grain for grain in all three elevators at Lacombe, the Alberta-Pacific, Canadian and Alberta Wheat Pool. Everything we don't often find near the end of a harvest season.

Farm Fires County Topic

Whether fire protection in the county of Lacombe should take the form of a separate rural fire police or continue in liaison with existing fire forces in centres like Lacombe was the subject of discussion at last Thursday's monthly meeting of the county.

Councillor Mrs. E. Aikman urged that some fire policy be set to meet the needs of farmsteads in the county.

She says in the county will feel very much relieved to know they have protection in case of fire, she stated some damage on the farmsteads in the county.

There is Lacombe fire department has answered a number of country calls this year, said county secretary George Bonak. And some more trouble had been experienced in collecting from the farmers who had requested some sort of protection.

It was pointed out that fireplaces, the extent of village like Black Hills and Bentley although they have lights to send the rest of the village and leave their own firefighters temporarily without protection.

The other method to provide fire protection on farms was to set up a rural fire department with its own truck and equipment. A rural fire department is a more costly proposition, said the speaker.

Council decided to study these proposals more fully at a later date.

Light for Jetties.

At its latest meeting, council approved the installation of lights at Jetties, where it is a 100 ft. power house 80 ft. in diameter.

Also approved were four new lights at Calgary Bridge, near the new paved road entrance and two near the bridge.

Public works construction is minimum the next year, said county secretary. All work must be agreed to work on projects for the next year's road repairs to be completed by October 31, and reserve agreement made for the 1961 budget and program, particularly as it concerns government grants.

Councillor Art Korman of Alta was delegated to consider a request from C. C. Bickert of Crows for construction of three miles of road south of Crows.

A letter was received from Mrs. M. J. Bickert of Edmonton requesting a garbage dump site at Crows. Mr. Bickert's Board of Health will investigate possible locations that might be suitable for a garbage dump.

CALGARY POWER LTD.
SERVING THE PROVINCE OF ALBERTA

What a dark, lonely place the average farm used to be! The glow from an oil lamp might be seen shining faintly from the window of a farm home... otherwise all was in darkness. Do you remember the messy job it was to wash lamp chimneys and to fill the lamps with coal oil, or having to pump a gas lamp, only to have a moth fly into the mantle and you had to start again?

Today, electric lights in barns, farm homes and yards... street lighting in even the smallest towns are true beacons of progress. Today, the motive power for the electrical servants you take for granted is brought to you at surprisingly low cost by Calgary Power. ELECTRICITY is now lighting your way to better, more comfortable living indoors and out.

Experimental Farm Makes Nitrogen Tests

Why don't we get so heavy a yield from stubble as from corn? This was the question asked by the experimental farm at Lacombe, where they have been making nitrogen tests for some time. The results of the tests show that the yield from stubble is much lower than that from corn, and that the reason for this is the lack of nitrogen in the soil.

Pre-Natal Budgeting Cuts Baby's Fiscal Impact

It's a happy time when a new baby is on the way, and it's a happy time when the parents are able to budget for the baby's expenses. This is the message of the pre-natal budgeting program, which is designed to help parents plan for the financial impact of a new baby.

The Homemaking ...

Homemaking is a skill that is essential for a good life. It involves the ability to manage a household, to cook, to clean, and to take care of the family. It is a skill that is passed on from one generation to the next, and it is a skill that is essential for the well-being of the community.

Semantic Study Shows Salary Salty Subject

Some of our words in everyday use are long ago, their original meanings have long since faded into the mists of time. "Salty" is a pretty important word to most of us, as organized in the days of ancient Rome. Soldiers and civil servants were given regular rations of salt and other necessities, lumped together under the general name of "salt rations".

Although money came to replace the ration, the term remained, and hence the expression "worth his salt" (Latin: salarium, sal. salt).

Sometimes, when they are given, however, of themselves to Canadians, worth their salt is a rule to serve part of these salaries. The Bank of Montreal. They know their salt is the fastest and surest way of building a firm foundation for future success.

Alan Bartish, accountant at the Lacombe branch of the Bank of Montreal, with all the salt in the world, is a man to find out how easy it is to open a savings account at the Bank of Montreal. He'll show you how easy it is to open a savings account. But, most of all, regular saving can become a habit that's very much "worth its salt" to you.

Flower Lore Dates To Birth of Christ

Of all the legends and stories that surround the Christmas festival, among the most beautiful are those that tell of the birth of the Christ child.

The legend of the nativity scene is the most popular of all. It is said to have originated when a poet wrote a poem to describe the birth of the Christ child. The poem was so beautiful that it was set to music and became a song.

The Christmas story is also surrounded with a similar legend. In the nativity scene, the Christ child is born in a stable. The legend says that the child was born in a stable because the stable was the only place where the poor could find shelter.

Mental Patients Also Appreciate Gifts at Xmas

By The Western Canadian
Calgary, Alberta

Dear Sirs:
We of the Calgary branch, Canadian Mental Health Association, are again this year making a special appeal for gifts, in order that every patient in mental hospitals in southern Alberta will receive a gift for Christmas.

Our Christmas gift campaign was instituted two long ago, and since that time we have received many gifts from the public. We are again this year making a special appeal for gifts, in order that every patient in mental hospitals in southern Alberta will receive a gift for Christmas.

However, from the past of want of Christmas, we have been covered by hospital staff, but the Christmas spirit is the spirit of the community in thoughtfulness, kindness, and desire to bring joy to others.

The most popular gift desired by the patients is a book. It is said to have originated when a poet wrote a poem to describe the birth of the Christ child. The poem was so beautiful that it was set to music and became a song.

The Christmas story is also surrounded with a similar legend. In the nativity scene, the Christ child is born in a stable. The legend says that the child was born in a stable because the stable was the only place where the poor could find shelter.

Exchange Vows of Beauty

Connie Ecklund Weds Cliff Herzer

Beauty and wit, and love, and laughter, and a good deal of fun, were the ingredients of a wedding ceremony which took place at the Lacombe Hotel on Thursday, December 21, 1961, when Miss Connie Ecklund, daughter of Mr. and Mrs. A. J. Ecklund, of Lacombe, Alberta, was united in holy matrimony to Mr. Cliff Herzer, son of Mr. and Mrs. A. J. Herzer, of Lacombe, Alberta.

The bride, who is a graduate of the Lacombe High School, was accompanied by her father, who acted as the best man. The groom was accompanied by his brother, who acted as the best man.

The ceremony was officiated by Rev. J. E. Davies, of the Lacombe Methodist Church. The wedding party consisted of the bride, groom, best man, maid of honor, bridesmaids, and flower girls.

The reception was held at the Lacombe Hotel. The bride and groom were surrounded by their family and friends. The evening was a most enjoyable one.
